Subject: Roko Sherry Chayat

Dear Board of Directors:

I write to you with grave concern for your current Abbott, Roko Sherry Chayat. Roko married my wife and I in the first wedding at the Zen Center in Syracuse. I studied with her for 6 years, and also attended 2 sesshins at Daibosatsu. I was able to sit and listen to Eido Shimano during my stays.

My profession is as a Clinical Psychologist in Syracuse NY. I was deeply disturbed when the revelations of Eido Shimano's sexual exploits became public. The behavior he exhibited during that time period and over the years is consistent with a psychopath. The manipulation of people for his own gratification, the abuse of his own teacher, the manipulation of monies of the Zen Centers all point to a psychopath.

One of Eido Shimano's chief enablers now appears to be Roko Sherry Chayat. She selfishly only has a concern about her own supposed advancement. In my opinion, the Zen practice in the Catskills and Manhattan is internally corrupt, and beyond repair with Roko at the helm.

I hope you see fit to dismiss her. There needs to be a clean sweep of anything connected to Eido Shimano in order for Daibosatsu to survive in my opinion. Please do the right thing for all the honest and sincere seeking students! Please don't let students be polluted anymore. It's within your power to change things.

Sincerely,

Timothy P. Hayes, Ph.D., P.C.
