Dear Martha:

We have your note of resignation as Treasurer of the Diamond Sangha. Anne and I accept this only with the greatest reluctance and regret. We hope very much that you will continue to consider yourself a member, and that you will still wish to join us for zazen when you have the time.

All of us are deeply indebted to you for the hundreds of hours you devoted to the mechanics of our organization, and for your constant encouragement at our meetings. We are continuing the accounting system you set up (I just finished bringing everything up to date), and we feel very grateful for your concern for clarity and detail.

Above everything else, we hope that the dreadful events which led to Tai San's departure will not change the friendship with you which means so much to Anne and me.

With love from us both,

Robert Aitken, Chairman
DIAMOND SANGHA
