Information about the August sesshin

August 20-25, 2011 at Felsentor, Switzerland

Dear sesshin participants,
Dear interested friends,

As you might already know, Eido Rōshi stepped down as the abbot of the Zen Studies Society at the end of 2010. He will also no longer be coming to Felsentor to lead our sesshin. However, he expressly wished and firmly insisted that this tradition be continued. Therefore, a five-day sesshin will take place again this year at Felsentor under the direction of Shokan Osho [Marcel Urech]. Do not miss this opportunity to deepen your Zen practice under the most ideal of conditions.

We wish you all a pleasant springtime and look forward to seeing you at the sesshin.
