---

Genjo,

I would like to make an open, official request for a copy of the tape of this "extremely important announcement."

It is important for the extended / disenfranchised Sangha to be able to hear and reference his words. It will be a vital element of the historical record. Please pass along this formal request to the Board of Directors.

Kobutsu

LOL! I hope! One never knows what Eido Roshi will do or say, so I won't count my chickens until they hatch. Have to go back to sesshin. I can't be there of course, and I'm asking that it be recorded with an immediate email of the announcement to follow.
