Changes to Dai Bosatsu Zendo Kongo-Ji Summer Schedule:

Dear Sangha,

We at The Zen Studies Society hope you are all enjoying the summer. We want to let you know that Shinge Roshi was taken to the emergency room on Saturday morning after losing consciousness. A battery of tests ruled out cardiac arrest and stroke, but did reveal mild emphysema and degenerative disc disease.

We have reviewed the summer schedule at Dai Bosatsu Zendo Kongo-Ji with an eye to moderating her commitments, and to consider projected attendance and event preparation. As a result, we are cancelling Samu Sesshin (August 3-8). We will continue to host O-bon (August 11-12), but with a more reserved format. Aside from these changes, we will continue to offer the events published on our Calendar for August and September. We apologize for any inconvenience this change may cause.

Thank you

*She replied, "Woof!"*

*That settles it.*
