Dear Friends,

I am writing to inquire if the Providence Zen Center has actually booked a reservation to host a sesshin conducted by **Eido Shimano** in May of 2013 as per the attached email?

Dear Dharma Friends!

I would like to share with you a very good news.

Eido Roshi kindly agreed to lead sesshin in USA in May 2013.
The sesshin will be four and half days, starting Friday evening May 24th and finishing Wednesday May 29th, after lunch.

We have a reservation in beautiful place Diamond Hill Monastery at [Providence Zen Center](http://www.providencezen.org/) (<http://www.providencezen.org/>).

What we need to conduct sesshin is already there. The zendo can hold up to 30 people. Accommodations are a monastery style, sleeping on futons. We will also cook our own meals. This will keep the price of sesshin reasonable.

I am writing this short info to get the feeling about how many people would like to come. More info about help needed will come later.

Many of us have been waiting long time for the opportunity to do zazen together with Roshi and to hear Roshi's precious teaching. This is a rare gift.

Please, let me know if you would like to attend.

Gassho,

Ekyo
