Dear Paula,

Followers of the discredited Zen teacher Eido Shimano have publicized that they have rented your facility for a public event on October 25th, 2014.

See: http://www.shimanoarchive.com/PDFs/GoldenWindZazenkai_10_25_14.pdf

Can you confirm their assertion?

Are you aware of Mr. Shimano's extensive history of sexual predation with specifically targeted vulnerable women?

Details of this man's predatory behavior can be found here: <http://www.shimanoarchive.com/> and in the book **"The Zen Predator of the Upper East Side"** by New York Times reporter Mark Oppenheimer <http://www.amazon.com/Predator-Upper-East-Kindle-Single-ebook/dp/B00GMVTPYI>

It is important that people are informed of this man's history, his fall from grace and the attempts of a few hardline fanatical students to promote him despite the enormous amount of condemnatory evidence that has been amassed and published.
